1. Ownership / License: Consultant is acting as agent for the client named on the Order (the "Client"). Supplier is acting as an independent contractor, and all materials created under the Order, including without limitation all artwork, layouts, photographs, scripts, ideas, concepts, characters, specifications, graphics, films, programs, software and other property or materials furnished hereunder (the "Materials"), are specially commissioned for but are not limited to, inclusion in advertising and/or commercial materials for Client. Subject solely to the limitations specifically set forth on the Order (if any), all Materials shall be deemed to be commissioned work for Client under the Intellectual Property Code of the Philippines ("IP Code"), and will be and remain the absolute and exclusive property of Client, its successors and assigns, in perpetuity. Supplier further agrees to execute and cause others who in any way contribute to the creation of the Materials to execute all further documents that, in the judgment of Client and/or Consultant, are required or useful to establish, protect or enforce the rights herein granted or confirmed. Supplier hereby irrevocably sells, transfers, and assigns all rights, title and interest, including the copyright in and to the Materials to Client, and its successors and assigns, without limitation. Such rights include, but are not limited to: (a) the copyright and economic rights enumerated under the IP Code; (b) the right to use, publish, display or reproduce the Materials in advertising or for the purposes of trade or for any other purpose whatsoever; (c) the right to alter, retouch, distort, or crop or simulate the Materials in any way; (d) the right to secure copyright in the Materials anywhere throughout the world; (e) the right to license, exploit, sell, assign, or otherwise dispose of the Materials or any of the said rights included therein for any purpose which Consultant, Client and their assigns and licensees may see fit; and (f) any and all subsidiary rights in the Materials including characters or parts which are contained in the Materials. Without limiting the generality of the foregoing and to the extent allowed under the IP Code, Supplier hereby waives any and all claims of "moral rights" and other rights of any kind or nature that it has related to the Materials and hereby conveys to Client any such rights of Supplier as may exist without reservation or limitation. Supplier agrees that Consultant shall have the right, without prior approval, to use the Materials following their publication to promote Consultant's services, including without limitation, use on Consultant's website.

2. Representations and Warranties: Unless otherwise specified on the Order, Supplier hereby represents and warrants: (a) that all assignments, releases, permissions, clearances, consents and waivers (collectively, "Releases") have been obtained, in writing, from any and all persons or companies whose name, likeness, voice, prop, costume, property or other attribute is contained in the Materials provided in connection with this Order and may be used throughout the world and in perpetuity, without limitation, and Supplier shall furnish Consultant with a copy of such signed Releases; (b) that it has the full and unencumbered right and authority to license, sell or assign the rights herein conveyed (as applicable), or in the case of Materials under the work for hire provisions of the IP Code to confirm the Client's authorship thereof under such statute, and the same may be used or reproduced for advertising or trade purposes, or for any other purpose whatsoever, without violating any laws or the rights of any third parties; (c) that it has not made and shall not make any disposition of any copyright or other interest in any of the Materials, whether in assignment or encumbrance, and confirms that all copyright and other rights stated herein are subject to the full and exclusive enjoyment by Client; (d) that, if Consultant or Client provided any graphic, artwork, trademark, or other items to be used or incorporated in the Material, Supplier has used them in accordance with Consultant's or Client's specifications and instructions; (e) the prices specified in the Order are no less favorable than those which Supplier would be willing to offer to or accept from any other party for the services to be rendered or the goods to be sold and such prices comply in all aspects with the laws, rules and regulations relating thereto; (f) all goods and services provided hereunder will be provided in a professional manner with due care, in compliance with all laws, rules and regulations, and in accordance with all specifications; and (g) Supplier will comply with the [WPP Code of Business Conduct – Supplier version](#) in connection with the goods and/or services Supplier is providing hereunder.

3. Cancellations: Consultant may cancel this Order at any time prior to its acceptance of the Materials or work covered by this Order, upon written notice to Supplier. In such event, unless such termination is based on Supplier's breach, Consultant shall be liable to pay Supplier, in lieu of the price specified in this Order, any verified direct costs incurred by Supplier in the performance of its obligations hereunder prior to such cancellation, provided, however, that the total amount of such costs shall not exceed the price specified on the Order for those Materials that have been completed, in whole or in substantial part, by Supplier. It is agreed that time is of the essence and that Consultant may, at its election, cancel this order or any part thereof without further obligation if this Order is not fulfilled within the time specified or, if no time is specified, within a reasonable time.

4. Early Delivery: Supplier's signature on the Order confirms Supplier's agreement to the terms herein. Notwithstanding the foregoing, if delivery is made prior to Supplier's signing this Order, Supplier's delivery of the Materials will constitute its unqualified acceptance of all the terms of this Order, including the transfer of copyright to Client.

5. Acceptance: The Materials supplied hereunder must comply with Consultant's specifications and are subject to Consultant's approval. Consultant's payment for the Materials shall not constitute its acceptance thereof and the Materials shall be received subject to inspection, approval and privilege of return at Supplier's expense if not in compliance with the specifications hereof. In the event of such return, without limiting any other remedies available to Consultant, Consultant shall be entitled to a refund of all amounts paid. Defects are not waived by Consultant's failure to notify Supplier of such defects upon receipt of the Materials.

6. Assignment: This Order or any sums payable hereunder may not be assigned by Supplier without the prior written consent of Consultant.

7. Taxes: Supplier agrees that prices quoted and shown on this Order include any and all applicable national and local taxes. Liability for any other sales and use or similar taxes and any penalties and interest charges due on these taxes shall be Supplier's sole responsibility. In the event Consultant is required to pay such amounts for whatever reason, Supplier agrees to immediately reimburse Consultant therefore. All taxes that will be required to be paid relating to this agreement shall be paid pursuant to the IP Code, as well as current laws, rules and regulations issued by the Bureau of Internal Revenue regarding the liability for payment of such taxes.

8. Property: Any and all property of Consultant or Client, in the possession or control of Supplier, shall be and remain the property of Consultant or Client (as applicable), and Supplier shall be responsible for any loss or damage occurring to such property while such is in Supplier's possession or control.

9. Books and Records: Supplier agrees to keep such books and records as shall readily disclose the basis for any charges ordinary or extraordinary billed to Consultant under this Order, and shall make them available for examination and audit by Consultant and/or Client or an outside auditor chosen by and paid for by Consultant and/or Client for a period of three years after receipt by Supplier of final payment under this Order. For such period of three years, Consultant and/or Client shall have the right to audit (i) the books and records relating to all such charges, and (ii) any other materials related to Supplier's compliance with the terms and conditions of this Order, and Supplier, upon request of Consultant or Client, shall make all such books and records available for such examination. If, upon such audit, Client or Consultant shall determine that Supplier's charges exceed the amounts properly chargeable to Consultant or Client as the case may be, Supplier shall without limiting Consultant's other available rights or remedies promptly refund to Consultant or Client, as appropriate, the amount of such overcharges.

10. Confidentiality: Supplier covenants and agrees that it will not, at any time, disseminate, reveal or otherwise make available to any person, or use for its own purposes, any information of a proprietary or confidential nature concerning Consultant or Client obtained by it regarding, but not limited to, trade secrets and confidential information, advertising matters, ideas, plans, techniques and accounts, products, business, customers or methods of operation, except as otherwise required in the performance of its obligations hereunder. Supplier expressly agrees that the existence and negotiation of this Order shall be considered Consultant's and Client's confidential information subject to the restrictions contained in this provision. Prior to using the Materials for self-promotional purposes, Supplier must obtain written approval from Consultant. Supplier further agrees to execute Consultant's and/or Client's standard confidentiality agreement upon request by Consultant.

11. Indemnification: Supplier agrees to indemnify and hold harmless Consultant, Client, and their respective subsidiaries, affiliates, parents, partners, officers, directors, employees, agents, assigns and licensees from and against any damages, claims, losses or expenses (including reasonable attorney's fees and expenses) any of them may incur or be liable for arising out of or resulting from: (a) any breach or alleged breach by Supplier of any representation or warranty made by Supplier hereunder; (b) the performance of this Order by Supplier (including but not limited to Supplier's employees, agents, subcontractors and designees); and (c) the use or reproduction in any manner whatsoever, including advertising or trade purposes, of the Materials.

12. Limitation of Liability: IN NO EVENT SHALL CONSULTANT OR CLIENT OR ANY OF THEIR RESPECTIVE PARENTS, AFFILIATED COMPANIES, DIRECTORS, OFFICERS, EMPLOYEES, SHAREHOLDERS, LICENSEES OR AGENTS BE LIABLE TO SUPPLIER FOR MORE THAN THE TOTAL AMOUNT ACTUALLY DUE AND PAYABLE TO SUPPLIER AS SPECIFIED IN THE ORDER. UNDER NO CIRCUMSTANCES SHALL CONSULTANT OR CLIENT OR ANY OF THEIR RESPECTIVE PARENTS, AFFILIATED COMPANIES, DIRECTORS, OFFICERS, EMPLOYEES, SHAREHOLDERS, LICENSEES OR AGENTS BE LIABLE TO SUPPLIER FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE OR EXEMPLARY DAMAGES, WHETHER ARISING UNDER CONTRACT, WARRANTY, OR TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY) OR ANY OTHER THEORY OF LIABILITY, REGARDLESS OF WHETHER CONSULTANT KNEW OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGES.

13. Insurance: Supplier shall carry and maintain commercially reasonable amounts of ordinary and necessary business insurance including comprehensive general liability and errors and omissions (a limit of at least One Million Dollars per occurrence in each case) and the statutory requirements for worker's compensation, and upon request, shall provide Consultant with certificates of insurance that list Consultant as additional insured.

14. Payments: Delivery charges must be fully prepaid by Supplier unless other terms are specified herein. Payments shall be made by Consultant, at such time as Consultant is in receipt of satisfactory materials, Releases and invoices, as herein above described. Any and all additional costs incurred due to changes in this Order specifications/overages must be submitted in writing and approved by Consultant along with estimate/explanation and Consultant is not responsible for any unapproved additional costs. All vendors that Supplier hires will bill Supplier directly (as opposed to Consultant or Client) except as otherwise expressly agreed by Consultant in writing.

15. Gifts and Conflicts of Interests: Supplier shall not make or offer a gratuity or gift of any kind to Consultant's employees or their families. Supplier shall not engage in any activity with Consultant's employees, competitors, or affiliates that could be perceived as creating a conflict of interest situation unless, after full disclosure of all relevant facts, Consultant agrees that no conflict in fact is present.

16. Miscellaneous: The terms and conditions set forth herein constitute the entire agreement between the parties with respect to the Materials or work to be performed pursuant to this Order and said terms and conditions may not be modified or amended, except by an agreement in writing that specifically references these terms and conditions and that has been signed by Consultant's authorized representative. Notwithstanding Consultant's payment hereunder, any other documents originating with Supplier shall not satisfy the requirements of the preceding sentence. It is a condition of this Agreement that Supplier does not attempt to impose its own terms and conditions on Consultant, and any attempt by Supplier to unilaterally amend the Order or to impose additional obligations on Consultant shall be deemed null and void and to be a material breach hereof. No waiver by Consultant shall be valid unless in writing and signed by Consultant. This Order shall be construed pursuant to the laws of the Philippines regardless of its conflict of laws provisions. The parties hereto agree that the local courts sitting in Makati City shall be the exclusive forum and situs for the resolution of any and all disputes, controversies or matters arising herefrom or related hereto, to the exclusion of all other courts.

17. Severability: If any provision of this Order is held to be invalid, illegal or unenforceable for any reason whatsoever, then notwithstanding such invalidity, illegality or unenforceability, such provision shall be enforced to the maximum extent permitted by law and the remaining terms and provisions of this Order shall remain in full force and effect in the same manner as if the invalid, illegal or unenforceable provision had not been contained herein.

18. Software / Hardware: In addition to the Terms and Conditions which are hereby incorporated by this reference, if the Order requires software or hardware to be provided, then the following shall also be applicable to Supplier: Notwithstanding any other provision herein, to the extent any of Supplier's or any third party's software applications, databases, computer programs (including source code and object code for any such programming), executable code or computer hardware (collectively, "Software/Hardware") are incorporated into the Materials or are otherwise provided hereunder, Supplier agrees to identify any pre-existing Software/Hardware and further agrees that unless otherwise specified in the Order, Supplier grants to Consultant and Client a perpetual, irrevocable, fully paid-up, royalty free, transferable, sublicensable (through multiple levels of sublicensees), worldwide, non-exclusive right and license to use, reproduce, distribute, display and perform (whether publicly or otherwise), transmit, prepare derivative works of and otherwise modify, make, import, export and otherwise use and exploit (and have others exercise such rights on behalf of Consultant) all or any portion of the pre-existing Software/Hardware incorporated into the Materials or otherwise delivered to Consultant in connection with the this Agreement. For clarity, it is understood that, subject to Supplier's rights in all pre-existing Software/Hardware, Consultant shall own all original Software/Hardware created hereunder and such original Software/Hardware shall be deemed part of the Materials. Supplier represents and warrants that: (a) the Software/Hardware, and the ideas they express, are original and do not violate or infringe the rights of any other party and that it has the unencumbered right and authority to grant all licenses herein granted; (b) that all Software/Hardware provided under this Order will perform in accordance with specifications; (c) that the provision of the Software/Hardware (and Customer's exercise of its license to use the same) will not in any way constitute an infringement or other violation of any copyright, patent, trademark, trade secret or other proprietary or personal rights of any third party or any applicable law or regulation; and (d) that the Software/Hardware shall be free of any virus, Trojan horse, timebomb or other harmful or disabling code.

ART AND PHOTOGRAPHY

Without limiting the generality of the foregoing and to the extent allowed under the IP Code, Supplier hereby waives any and all claims of "moral rights" and other rights of any kind or nature that it has related to the Materials and hereby conveys to Client any such rights of Supplier as may exist without reservation or limitation. Supplier agrees that Consultant shall have the right, without prior approval, to use the Materials following their publication to promote Consultant's services, including without limitation, use on Consultant's website.

2. Warranties: Unless otherwise specified on the Order, Supplier hereby represents and warrants: (a) that all assignments, releases, permissions, clearances, consents and waivers (collectively, "Releases") have been obtained, in writing, from any and all persons or companies whose name, likeness, voice, prop, costume, property or other attribute is contained in the Materials provided in connection with this Order and may be used throughout the world and in perpetuity, without limitation, and Supplier shall furnish Consultant with a copy of such signed Releases; (b) that it has the full and unencumbered right and authority to license, sell or assign the rights herein conveyed (as applicable), and the same may be used or reproduced for advertising or trade purposes, or for any other purpose whatsoever, without violating any laws or the rights of any third parties; (c) all goods and services provided hereunder will be provided in a professional manner with due care, in compliance with all laws, rules and regulations, and in accordance with all specifications; (d) that, if Consultant or Client provided any graphic, artwork, trademark, or other items to be used or incorporated in the Material, Supplier has used them in accordance with Consultant's or Client's specifications and instructions; and (e) Supplier will comply with the [WPP Code of Business Conduct – Supplier version](#) in connection with the goods and/or services Supplier is providing hereunder.

3. Cancellation: Consultant may cancel this Order at any time prior to its acceptance of the Materials or work covered by this Order, upon written notice to Supplier. In such event, unless such termination is based on Supplier's breach, Consultant shall be liable to pay Supplier, in lieu of the price specified in this Order, any verified direct costs incurred by Supplier in the performance of its obligations hereunder prior to such cancellation, provided, however, that the total amount of such costs shall not exceed the price specified on the Order for those Materials that have been completed, in whole or in substantial part, by Supplier. It is agreed that time is of the essence and that Consultant may, at its election, cancel this order or any part thereof without further obligation if this Order is not fulfilled within the time specified or, if no time is specified, within a reasonable time.

4. Early Delivery: Supplier's signature on the Order confirms Supplier's agreement to the terms herein. Consultant's payment for the Materials shall not constitute its acceptance thereof and the Materials shall be received subject to inspection, approval and privilege of return at Supplier's expense if not in compliance with the specifications hereof. In the event of such return, without limiting any other remedies available to Consultant, Consultant shall be entitled to a refund of all amounts paid. Defects are not waived by Consultant's failure to notify Supplier of such defects upon receipt of the Materials.

6. Assignment: This Order or any sums payable hereunder may not be assigned by Supplier without the prior written consent of Consultant.

7. Taxes: Supplier agrees that prices quoted and shown on this Order include any and all applicable national and local taxes. 15. Gifts and Conflict of Interest: Supplier shall not make or offer a gratuity or gift of any kind to Consultant's employees or their families. Supplier shall not engage in any activity with Consultant's employees, competitors, or affiliates that could be perceived as creating a conflict of interest situation unless, after full disclosure of all relevant facts, Consultant agrees that no conflict in fact is present.

16. Miscellaneous: The terms and conditions set forth herein constitute the entire agreement between the parties with respect to the Materials or work to be performed pursuant to this Order and said terms and conditions may not be modified or amended, except by an agreement in writing that specifically references these terms and conditions and that has been signed by Consultant's authorized representative. Notwithstanding Consultant's payment hereunder, any other documents originating with Supplier shall not satisfy the requirements of the preceding sentence. It is a condition of this Agreement that Supplier does not attempt to impose its own terms and conditions on Consultant, and any attempt by Supplier to unilaterally amend the Order or to impose additional obligations on Consultant shall be deemed null and void and to be a material breach hereof. No waiver by Consultant shall be valid unless in writing and signed by Consultant. This Order shall be construed pursuant to the laws of the Philippines regardless of its conflict of laws provisions. PRODUCTION OF DIGITAL CONTENT

In place of the Terms and Conditions stated above, if the Order requires production of digital content, then the following terms and conditions shall instead be applicable to Supplier.

1. Quality: The material produced hereunder shall be subject to Consultant's approval and acceptance. Producer agrees that the Digital Content shall be of first class physical and aesthetic quality, technically correct and of a quality at least equal to current standards for Digital Content created for the Internet and will conform with all technical requirements. The quality and timely delivery of the completed Digital Content is of the essence of this agreement. Producer will bear any costs resulting from its failure to satisfactorily perform its obligations hereunder.

2. Changes and Variations: If at any time, Consultant desires to make any changes in or variations from the script(s) or storyboard(s) or specifications of the Digital Content or from any material or work in progress and such changes result in additional costs to Producer, Producer agrees to notify Consultant's authorized representative in writing of the amount of such additional costs before any such additional costs are incurred and to proceed only after receiving written authorization from such representative. Reimbursement for such additional costs shall be payable at the same time as the final payment provided for in Paragraph B of this Agreement.

3. Purchaser: Consultant is acting on behalf of its Client as agent for a disclosed principal with respect to all matters arising under this agreement. Consultant will make payment of all appropriate sums paid to it by its Client (and Producer shall look to Consultant solely to the extent Consultant was paid by Client). Notwithstanding anything to the contrary contained in any order, acknowledgment or other documents submitted by Producer, if there is a failure to make any payment hereunder which results from Client's failure to pay Consultant, Producer will look solely to the Client and not to Consultant for such payment.

4. Acceptance Testing: Upon the delivery to Consultant of any Digital Content or deliverable(s), Consultant shall have thirty (30) days from the receipt to review for performance. Producer will review Consultant's objections, if any, and shall have ten (10) days from the receipt of such objections to correct the deficiencies. Upon correction of the deficiencies, Consultant shall then proceed to re-test and reevaluate the Digital Content or deliverable. Any failure by Producer to correct a material deficiency shall be deemed a material breach of this Agreement, entitling Consultant to any and all available remedies, including, but not limited to, a refund of the fees paid to Producer under this Agreement, the cost of cover, and termination of this Agreement. No Digital Content or deliverable shall be deemed to be accepted until Consultant delivers a written notice of its final acceptance to Producer.

5. Ownership: (a) Subject to subparagraph (b) of Section 5, full and unrestricted ownership of the Digital Content and all other results and proceeds of Producer's services, including without limitation any software, computer programming, code, designs, graphics, text, audio files, video files, know-how, ideas and information, modifications, inventions or improvements associated with the Digital Content shall vest and remain in Client at all times and for all purposes whatsoever, immediately upon creation, and without limiting the foregoing Consultant and Client shall have the sole right to use, distribute, reproduce, alter, modify, exhibit, exploit and copyright same throughout the world without restriction. Producer will not mortgage, pledge, assign or otherwise encumber any of the above mentioned materials. Producer agrees that Digital Content is a commissioned work for the Client under the Intellectual Property Code of the Philippines ("IP Code") and shall be owned by Client for all purposes, including that of exercising the copyright and economic rights, which is hereby transferred in favor of the Client, in perpetuity. To the extent all or any portion of the Digital Content is not deemed to be a work made for hire, Producer hereby sells, assigns and transfers all of their right, title, ownership and interest therein, including the copyrights, presently known or hereafter ascertained, including, but not limited to, the right to secure any patent rights and the copyright therein (and all renewals thereof) throughout the world, without any restrictions as to use except as expressly set forth herein, to Client and its successors, assignees and/or licensees. For clarity, Client shall exclusively own all data generated through, by, or related to use of the Digital Content. Producer agrees to reasonably cooperate (at Consultant's expense) in furthering the intent of this section and hereby appoints Consultant as its attorney-in-fact for carrying out the intent of this section. Producer shall only use its employees to create the Digital Content, unless it receives Consultant's prior written consent. In the event that Consultant has authorized Producer to use non-employees to create Digital Content, then Producer shall first secure from each such individual an agreement in writing that assigns all intellectual property rights in such Digital Content to Client in the same manner as set forth in this section and present such agreement to Consultant.

(b) Producer shall retain all intellectual property rights with respect to any intellectual property owned by Producer prior to entering into this Agreement, including any code, designs, know-how, software applications, databases, computer programs and/or other materials that are of general applicability to Producer's business ("Producer Material"); provided, however, that Producer shall not incorporate any Producer Material into the Digital Content without Consultant's prior written consent. In the event of Consultant's consent thereto, Producer shall grant to Consultant and Client a perpetual, irrevocable, fully paid-up, royalty free, transferable, sublicensable (through multiple levels of sublicensees), worldwide, non-exclusive right and license to use, reproduce, distribute, display and perform (whether publicly or otherwise), transmit, prepare derivative works of and otherwise modify, make, import, export and otherwise use and exploit (and have others exercise such rights on behalf of Consultant and/or Client) all or any portion of the Producer Material incorporated into the Digital Content.

6. License and Releases: Producer agrees to supply to Consultant prior to delivery to Consultant of the Digital Content: (a) signed Licenses, in a form acceptable to Consultant, obtained from the persons, firms or corporations who own or control any literary, dramatic and/or musical works furnished by Producer for Digital Content, if any, granting to Consultant, Client and their licensees a license to use such works, and warranting that such persons, firms or corporations have the right to grant such licenses; and (b) original copies of signed releases from persons supplied by the Producer who appear in the Digital Content granting Consultant, Client and their licensees the irrevocable permission and consent of persons to use their names, likenesses, performance and biographical material concerning them in any way, for advertising, marketing, promotional purposes and purposes of trade, in connection with the Digital Content and the uses thereof contemplated hereunder and in connection with the product(s) advertised herein. (c) If Producer is supplying special props/costumes/photographs/artwork ("Special Materials"), Producer represents and warrants to Consultant and Client that it has full ownership rights to such Special Materials, and that in the creation thereof, no act was committed which violates any law, including, but not limited to, the provisions of the IP Code, or the rights of any third parties; and the right to grant unrestricted ownership rights in the Special Materials to Client, and the granting of any such rights shall not violate the rights of any third party. Producer hereby transfers and assigns to Client all rights to the Special Materials, including without limitation, any copyrights or trademarks related thereto. Producer also represents to Consultant and Client that if it was given any material (such as a trademark) to be used or included in the Digital Content, that the material given was used in accordance with Consultant or Client's instructions; (d) Without limiting any other provision herein, to the extent Producer desires to incorporate any third party's software applications, databases, computer programs (including source code and object code for any such programming), executable code or computer hardware, including without limitation free and open source software (collectively, "Third Party Software/Hardware") into the Digital Content or are otherwise provided hereunder, Producer agrees to identify any Third Party Software/Hardware in writing in advance and will not incorporate such Third Party Software/Hardware in the Digital Content without Consultant's prior written consent. In the event of Consultant's consent thereto, Producer agrees that unless otherwise specified in the Order, Producer grants to Consultant and Client a perpetual, irrevocable, fully paid-up, royalty free, transferable, sublicensable (through multiple levels of sublicensees), worldwide, non-exclusive right and license to use, reproduce, distribute, display and perform (whether publicly or otherwise), transmit, prepare derivative works of and otherwise modify, make, import, export and otherwise use and exploit (and have others exercise such rights on behalf of Consultant and/or Client) all or any portion of the Third Party Software/Hardware incorporated into the Digital Content.

7. Termination of Production: (a) If for any reason beyond Producer's control, such as strikes, war, acts of God, labor troubles, riots, delay of commercial carrier or restraint of public authority, Producer shall be unable to produce and/or deliver the Digital Content as provided herein, or in the event that Consultant should desire to cancel the production of the Digital Content or to terminate this Agreement for any reason, except as set forth in subparagraph b below, Consultant shall pay Producer all out-of-pocket costs and expenses theretofore incurred by Producer in the normal routine of producing said Digital Content. Upon such payment, Producer shall deliver to Consultant forthwith and Client shall become the sole owner of all exposed negatives and other material produced by Producer prior to the termination, and Consultant shall be under no obligation to make any further payments to Producer with regard to said Digital Content.
